

Please amend page 7, lines 4-9, to read as follows:

B<sup>2</sup> -- Spinning can be carried out using conventional techniques and equipment described in the art with respect to polyester fibers, with preferred approaches described herein. For instance, various spinning methods are shown in U.S. Patent Nos. 3,816,486 and 4,639,347, U.S. Patent Application No. 09/855,343, filed May 15, 2001 (Docket No. DP6760, published as U.S. 2002/0051880 A1), British Patent Specification No. 1 254 826 and JP 11-189938, all of which are incorporated herein by reference.--

REMARKS

The application is amended to update the status of the cited patent applications. Entry and consideration are respectfully requested.

Should any fee be required in connection with the filing of this Information Disclosure Statement, please charge such fee to Deposit Account No. 04-1928 (E. I. du Pont de Nemours and Company).

Respectfully submitted,

*Mark D. Kuller*
